

The International Association of Arson Investigators United Kingdom Chapter

CERTIFIED FIRE INVESTIGATOR PROGRAM

Formal request for Application Pack

In 1986 the IAAI resolved an international concern by developing the *Certified Fire Investigator (CFI) Program*. The CFI program is an established procedure for identifying and recognising a Fire Investigator's expertise. Certification is based on attaining at least 150 points from your education, training and experience, and passing a stringent oral examination taken from leading works of reference in the contemporary field. Before you are allowed to sit the examination your application must be approved by the international review committee; each point claimed must be properly documented with certificates or letters of reference. All CFI's are obliged to re-certify every five years.

First name(s) _____ Date of Birth _____

Last Name _____

IAAI International Membership Number _____

(Membership in the IAAI is not mandatory)

Job Title/Description _____

Home address: House name/No. _____
